

10 Day Look Ahead: Construction Activities Friday, June 8, 2018 through Sunday, June 17, 2018

Special Notices:

Fremont Street and Beale Street (between Mission to Howard Street) lane closures Saturday, June 9: There will be rolling lane closures on Fremont Street and Beale Street on Saturday June 9 between 7:00AM – 7:00PM due to grinding of the street surface and final paving. This work is done in accord with SFMTA restrictions. Special Traffic Permits, Traffic control devices and construction flaggers will assist. We apologize for any inconvenience.

What to expect this Weekend Saturday June 9 and Sunday June 10:

Western Transit Center Project Site (Between First and Second Streets): Construction continues onsite Saturday between 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

Central Transit Center Project Site (Between First and Fremont Streets): Construction continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

Eastern Transit Center Project Site (Between Fremont and Beale Streets) Construction continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

Transit Center Lots under Bus Ramp Viaduct (Harrison to Howard Street): Construction laydown and equipment delivery continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, delivery may occur Sunday 6:00 AM and 4:30 PM.

Bus Storage Facility (BSF) bounded by Second, Perry, Third, and Stillman streets: Bus Storage Facility Construction continues onsite Saturday between 6:00AM and 4:30PM.

Transit Center Project Work: Monday June 11 through Friday June 15:

Mission Street Lane closure at night (between Beale Street to Anthony Street) Friday, June 8 through Saturday, morning June 16: There will be lane closures on Mission Street at night between 9:00PM and 5:00AM to install traction power cable for Muni buses. These rolling lane closures are done at night due to SFMTA restrictions. Special Traffic Permits, Traffic control devices and construction flaggers will assist.
