

## 10 Day Look Ahead: Construction Activities Friday, July 6, 2018 through Sunday, July 15, 2018

### Special Notices:

**\*The Transit Center is nearing completion. The ground level Muni Plaza (between Beale St. and Fremont St.) is now open, with the Grand Hall, Bus Deck and Roof Park opening this summer!!**

**Natoma Street (Between Second Street and the Transit Center – west end) Closure Saturday July 7:** Natoma Street will be closed from Second Street to the west end of the Transit Center Beale this Saturday, July 7 between 6:00AM - 3:30PM due to crane set-up for unloading equipment from the Roof Park. This work is done in accord with SFMTA restrictions. Special Traffic Permits, Traffic control devices and construction flaggers will assist. Local Access will always be available.

**Beale Street (south of the Transit Center to Howard Street) 1-Lane closure Saturday July 7:** Beale Street's western lane between the Transit Center and Howard Street will be closed between 8:00AM - 3:30PM due to underground utility construction. This work is done in accord with SFMTA restrictions. Special Traffic Permits, Traffic control devices and construction flaggers will assist. Local Access will always be available and this work will not interfere with the Muni Plaza bus operations.

### What to expect this Weekend Saturday July 7 and Sunday July 8:

**Western Transit Center Project Site (Between First and Second Streets):** Construction continues onsite Saturday between 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

**Central Transit Center Project Site (Between First and Fremont Streets):** Construction continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

**Eastern Transit Center Project Site (Between Fremont and Beale Streets)** Construction continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

**Transit Center Lots under Bus Ramp Viaduct (Harrison to Howard Street):** Construction laydown and equipment delivery continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, delivery may occur Sunday 6:00 AM and 4:30 PM.

**Bus Storage Facility (BSF) bounded by Second, Perry, Third, and Stillman streets:** Bus Storage Facility Construction continues onsite Saturday between 6:00AM and 4:30PM.

### **Transit Center Project Work: Monday July 9 through Friday July 13:**

**Western Transit Center Site (Between First and Second Streets):** Construction continues daily onsite between 6:00 AM and 7:00 PM and nightly onsite between 7:00 PM and 6:00 AM. Occasional material and equipment deliveries will occur between 7:00 PM and 4:30 AM from Minna Street or Natoma Street.

**Central Transit Center Site (Between Fremont and First Streets):** Construction continues daily onsite between 6:00 AM and 7:00 PM and nightly onsite between 7:00 PM and 6:00 AM. Occasional material and equipment deliveries will occur between 7:00 PM and 4:30 AM from Fremont Street or Natoma Street.

**Eastern Transit Center Site (Between Beale and Fremont Streets):** Construction continues daily onsite between 6:00 AM and 7:00 PM and nightly onsite between 7:00 PM and 6:00 AM. Occasional material and equipment deliveries will occur between 7:00 PM and 4:30 AM from Beale Street.

**SFMTA/MUNI Overhead Contact System (OCS) system and Traffic Signal system construction:** During July and August the remaining Traffic Signal Poles and the OCS overhead wiring will continue at night with one lane occasionally closed between 8:00 PM - 5:00 AM. This work is scheduled on streets surrounding the Transit Center: Mission Street (between Fremont and Beale Streets), First Street (between Howard and Mission Streets), Fremont Street (between Howard and Mission Streets), Beale Street (between Howard and Mission Streets), and Howard Street (between Fremont and Beale Streets).

**Transit Center Lots under Bus Ramp Viaduct (Harrison to Howard Street):** Transit Center construction laydown and equipment delivery will be a daytime and nighttime activity.

**Bus Storage Facility (BSF) bounded by Second, Perry, Third, and Stillman streets:** Construction continues with excavation, grading, rebar, formwork and concrete placement for the bus link ramp daily between 6:00AM and 4:30PM.

### **What to expect next Weekend Saturday July 14 and Sunday July 15:**

**Western Transit Center Project Site (Between First and Second Streets):** Construction continues onsite Saturday between 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

**Central Transit Center Project Site (Between First and Fremont Streets):** Construction continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

**Eastern Transit Center Project Site (Between Fremont and Beale Streets)** Construction continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, work may occur Sunday 6:00 AM and 4:30 PM.

**Transit Center Lots under Bus Ramp Viaduct (Harrison to Howard Street):** Construction laydown and equipment delivery continues onsite Saturday 6:00 AM and 4:30 PM. There is no work scheduled for Sunday day shift. However, depending on progress, delivery may occur Sunday 6:00 AM and 4:30 PM.

**Bus Storage Facility (BSF) bounded by Second, Perry, Third, and Stillman streets:** Bus Storage Facility Construction continues onsite Saturday between 6:00AM and 4:30PM.

**Detours, Street and Sidewalk Closures:**

Some surrounding streets in the area may be affected. So you can plan ahead, please review the affected streets below:

**SFMTA/MUNI Overhead Contact System (OCS) system and Traffic Signal system construction:**

During July and August the remaining Traffic Signal Poles and the OCS overhead wiring will continue at night with one lane occasionally closed between 8:00 PM - 5:00 AM. This work is scheduled on all Streets surrounding the Transit Center: Mission Street (between Fremont and Beale Streets), First Street (between Howard and Mission Streets), Fremont Street (between Howard and Mission Streets), Beale Street (between Howard and Mission Streets), and Howard Street (between Fremont and Beale Streets).

**Minna Street (between First and Second Streets) Lane closures and detours:** Minna Street traffic lanes will frequently be closed (days or nights) reconstruction of roadway and sidewalks. Detailed scheduling information and detours for local neighbors will be provided in advance of construction starting. Special Traffic Permits, Traffic control devices and construction flaggers will be assigned to assist with traffic and pedestrian impacts. Local Access will always be available.

**Bus Storage Facility (BSF) bounded by Second, Perry, Third, and Stillman streets:** There are no lane closures or detours this week.
